ACTION TAKEN BY I.H.S.A.A. The minutes of the Board of Control of the I.H.S.A.A. is enclosed.

SPRING BASEBALL: The Board had previously discussed spring baseball as it relates to the recently enacted spring-summer sports limitation rule approved by joint boys/girls organizations and member schools. Previous correspondence regarding spring baseball and the elimination of same from Cresco, Notre Dame, Independence, St. John and Holy Cross, Leo was reviewed noting the fact that two of the three schools do not currently play summer baseball. Due to the fact that this matter had previously been discussed, it was referred to the joint Board and Council meeting held on June 9th. Additional discussion took place at this time. At the conclusion of same, it was moved by O'Connell, seconded by Sweet and adopted, that any member school currently playing spring baseball and not currently playing summer baseball, may play spring baseball; however they would not be permitted to play in both the spring and summer programs. If the school desires to play spring ball, the season will close on the last day of school. The above action was a result of a recommendation from the Representative Council at their June 9th annual meeting. A letter from Baseball Coach, Gene Schultz, Kee High, Lansing, as it affects spring baseball was reviewed.

Baseball: The Board reviewed at length the Baseball Coaches Advisory Committee minutes. The committee recommended the Board consider summer baseball practice to begin May 1 for all players rather than just pitchers and catchers effective the summer 1981 season. After review the Board expressed the fact that the new spring-summer sports limitation regulations affecting the length of the season and game limitations take effect for the 1980-81 school year. The new limitations were approved by the boys and girls organizations and the membership of both. Recognizing the new sports limitations have been reviewed extensively over the past two years, the Board felt it best to review after the new limitations have been in effect for two or three years. The committee discussed invitational and conference tournament play as it relates to one playing date or two playing dates expressing the feeling of too many loopholes to count two- and three-day tournaments as one playing date and desire for the Board to give consideration to this concern as it would automatically cause for more baseball tournaments over a two- or three-day period abusing the pitching staff, etc. As per the June 8, 1980, Board of Control minutes, the following interpretation as it affects the limitation rule for summer baseball was approved: Note, June 8, 1980 minutes, "Limitation Rule as it affects summer baseball." Inquiry has been made to the Association relative to Summer Baseball Limitation Rule as it affects playing dates in tournaments. After considerable review, it was determined that a summer baseball school could play in a tournament over a three-day period and count it as one playing date or in

two, two-day tournaments counting them as two separate playing dates within the 20 u: limitation each member high school summer baseball team would be permitted effective the summer of 1981. This is a clarification over previous correspondence coming out on the Limitation Rule and it has come about only as a result of confusion and misunderstanding on the Limitation Rule as it affects summer baseball and softball tournaments counting one or two playing dates. The above clarification is that clarification which the members will follow beginning with the 1981 regulations. The Board reviewed the State Tournament format as per the advisory committee's recommendation, both groups recognizing the advantages of playing the first-round game out in the field as beneficial for the overall program. The committee spent a considerable amount of time on conduct as it relates to baseball program and reportedly more cases cited of swearing by players at games and was of the opinion that this item not only be covered at rules meetings but in a communicate all umpires, coaches and school administrators, stressing the importance of resolving problem state-wide. At this point, the Board of Control reviewed at length the conduct student athletes in all State Association sponsored events and where the authority lies with respect to curtailing the problem of negative conduct.

LIMITATION RULE AS IT AFFECTS SUMMER BASEBALL: Inquiry has been made of the Association relative to the summer baseball limitation rule as it affects playing dates and tournaments. After considerable review, it was determined that a summer baseball school could play in a tournament over a three-day period and count it as one playing date or in two (2) two-day tournaments counting them as two separate playing dates in the twenty date limitation each member high school summer baseball team will be permitted, effective in the summer of 1981. This is a clarification over previous correspondence coming out on the limitation rule and has come about only as a result of confusion and misunderstanding on the limitation rule as it affects summer baseball and softball tournaments counting as one or two playing dates.

# MINUTES OF THE BOARD OF DIRECTORS MEETING

October 4, 1980

Iowa City, Iowa

The meeting was brought to order by President Terry Heald at 9:40 A.M. at the Iowa Fieldhouse.

Secretary's Report: Mick Mattice made a motion to accept the March 14&15 minutes as published and was seconded by Jim Scholten. Motion carried.

Financial Report: The reading of expenditures and income was presented by Pinky Primrose and he made special mention of the more than \$3000 profit in this year's All-Star games. Balance in the checking account as of October 4 was \$1,782.64 and in savings \$2,165.13. A motion was made by Mick Mattice and seconded by Dennis Olenjniczak to accept the financial report. Motion carried.

President's Report: Terry Heald discussed the problems we have with the number of playing dates and now the talk about eliminating seniors from summer programs. He was also concerned about independent schools getting dates because of conference schedules. He recommended sending out a survey to coaches on what they want for the future on schedules and number of games.

Executive Secretary's Report: Pinky made the following comments and recommendations:

1. Recommended a platinum ring for the JUCO 'Coach of the Year'.  
The JUCO coaches will select their own coach of the year. A ring for the 4 year college coach is also a possibility.
2. The question of East-West or North-South All-Star games needs to be decided and the site for the games.

3. High school 'Coach of the Year' rings will be platinum this year.
4. Recommended a Presidents Club ring like the Coach of the Year ring, but with a red stone.
5. Add a fourth coach to each All-Star squad and put him in charge of the collection of sponsor fees.
6. Recommended at least two \$25 sponsors for each All-Star player. We hope to average \$2,500 to \$3,000 each year from this source.
7. Discussed for future thought the possibility of having the spring clinic in April with an Iowa - Iowa State game in Cedar Rapids on a Saturday. Saturday morning could be a 'on the field' type clinic.
8. Discussed the 1981 Clinic which will be held in Cedar Rapids on March 13 & 14.

Hall of Fame Report: Nominations were discussed and a ballot will be sent to board of directors.

Membership Committee Report: We need more umpires to join our organization. Now that we give an umpire award and have a clinic program for them there should be more incentive to join.

All-Star Report:

1. All-Star games went well this year.
2. Recommend a committee of coaches should select the All-Star team instead of the head coach.
3. Consider playing a round robin (3 games) instead of the present tournament.

Umpire Committee Report:

1. There will be a program just for umpires at the clinic this year.
2. Select 2 umpires from each district and let the board of directors vote on them for 'Umpire of the Year'.

District Meeting Report: The N. E. District recommended picking 3 All-District teams in 2-A.

Communications:

1. Received thank you letters from players in the All-Star games.
2. Jim Van Scoyoc discussed the topics for the next Baseball Advisory Committee meeting.

New Business:

1. After a lengthy discussion Bill Freese made a motion that the site of the All-Star games be voted on in 2 year blocks; Iowa State in 1981 and Iowa in 1982. Mick Mattice seconded the motion which carried.
2. Jim Mahoney proposed a round robin set up for the All-Star games with 3 games on Saturday and 3 games on Sunday. No motion was made but the proposal was tabled until the February meeting.
3. Lowell Thompson moved to limit each team to 16 members in the All-Star games. Jim Scholten seconded the motion which carried.
4. Lowell Thompson made a motion that a committee of the four coaches and the district representatives select each All-Star team. Dennis Olenjniczak seconded the motion. Bill Freese moved to table the motion to the February meeting. Motion carried to table.
5. District meetings were held to nominate the District Coach of the Year.
6. Jeff Tecklenberg of the Mason City Globe Gazette was selected as the Media Person of the year.
7. Contributor Award: John Strief

The meeting was adjourned at 12:05 P.M.

The members present and their wives then enjoyed lunch and the Iowa-Arizona football game. Special thanks to Duane Banks for the use of their facilities and the game tickets.

Respectfully submitted,

*Dick Core*
