

Sports Fees

The sports fee for a student-athlete to participate is \$85.00 per student-athlete, per sport. ICA understands this is a lot of money, so the athletic department has come up with alternatives. To take the place of the sports fee, a student-athlete may recruit a sponsor to participate in our banner sponsorship program. One sponsor will allow one student-athlete to participate in one sport for the year. For families with more than one athlete, they are required to have two sponsors, which will cover the sports fees. Families with more than one student-athlete in the **same** sport will receive a discounted sports fee of \$60.00 for each additional student-athlete. A student-athlete may have one or more individuals sponsor them. Also, any parent or fan able to recruit a separate sponsor for the athletic department will receive free admission to all ICA home athletic events. If a student-athlete's family is having financial issues, please see the Athletic Director. ICA desires that finances not be the limiting factor for a student-athlete to have the opportunity to play a sport. Sports fees must be turned into the Athletic Director after the tryouts and before the first game of the sports season. Please make checks payable to ICA.
