

FROM SUSAN:

The past few weeks seem like an out-of-body experience for some of us and yet, we were able to deliver 38 layette bags for April! Thanks to everyone who has contributed to keep our containers full of items. However, some are now empty ***and not because you aren't making items.*** We have a problem with getting them to the warehouse because of the shelter-in-place order. Most of you, rightly so, are just not wanting to get out and take a chance of getting sick. We have a few weeks to work on this and if anyone has any suggestions, let us know how we can get the made items from you. Pretty sure we may have the same problem for May. I know many of you have demands on your time to help others as well, but want to mention what I told our contacts at the hospital ... babies can't wait until this is over to be born. We still want to do what we can to give them a good start in life. Thanks for all you do. Please stay safe and take care.

"COVID" Pre-pack and Pack below. Six-foot distance and hand sanitizer at the ready. **Much missed were the hugs and laughter.**

No Business meeting notes to report, so right to the needs.
