Medicare plans that give you a whole lot more.

At Bright Health, we're taking a new approach to healthcare, so you feel less confused and, well, better.

Happiness comes with all of our plans, along with coverage to help keep you healthy — **medical, dental, hearing, vision, prescription, and plenty of wellness extras — all included**. Choosing a Bright Health Medicare Advantage plan means you get a whole lot more benefits and could save hundreds of dollars every month as compared to what you pay with Original Medicare alone or a Medicare Supplement plan.

No hoops. No headaches. No nonsense.

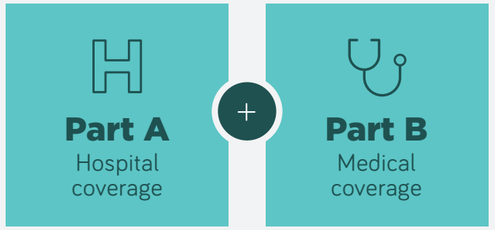
Understanding Medicare basics

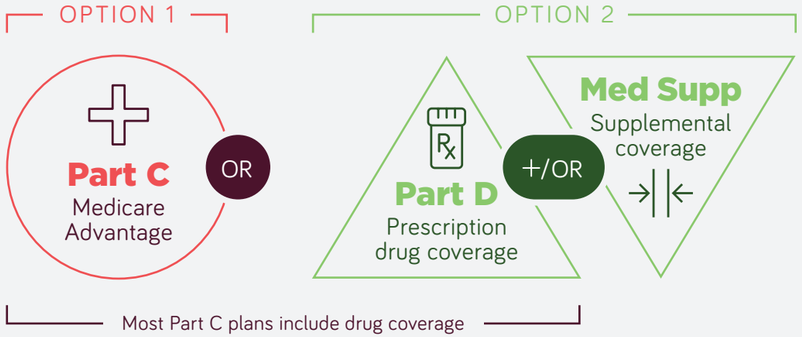
STEP 1:

Enroll in Original Medicare (offered by the federal government).



STEP 2:

Decide if you need additional coverage (offered by private insurers).



...and the care that's covered.

Part A covers

- Inpatient Hospital Stay
- Skilled Nursing Care
- Hospice Care
- Home Health Care

Part B covers

- Doctor Visits
- Outpatient Care
- Home Health Care
- Durable Medical Equipment
- Many Preventive Services

Part C covers

Everything that Original Medicare does, plus extras (depends on the plan):

- Dental & Eye Care
- Hearing Exams
- Fitness Discounts
- Prescription Drugs

Part D covers

- Prescription Drugs

Med Supp covers

- Parts A and B Gaps

Y0127_TEMPL-MA-FLR-2309_C

Let's dig a little deeper.

Parts A and B: Original Medicare

(offered through the federal government)

Part A: Hospital coverage
Covers inpatient hospital stays, skilled nursing care, hospice care, and home health care.

Part B: Medical coverage
Covers doctor visits, outpatient care, durable medical equipment, home health care, and many preventive services.

Part C: Medicare Advantage

(offered by private insurers)

Medicare Advantage plans combine the benefits of Parts A and B, and most come with Part D prescription drug coverage plus extra benefits and features. You must still be enrolled in Original Medicare to enroll in a Medicare Advantage plan, but you'll get your benefits through the Medicare Advantage plan instead.

Part D: Prescription Drug Coverage

(offered by private insurers)

Original Medicare does not include coverage for most prescription drugs. If you take prescriptions, you'll want to enroll in a Medicare Advantage plan that includes coverage for prescription drugs (like the Bright Health plans in this guide). Be sure to check the plan's formulary (drug list) before enrolling to be sure your medications are included.

Medicare Supplement Plans

(state-regulated and offered by private insurers)

Sometimes called, "Medigap," these plans help cover some of the out-of-pocket costs not covered by Original Medicare, like deductibles, copays and coinsurance. Medicare Supplement Plans are available from private insurers to be used with Original Medicare (Parts A and B).

Who's eligible for Medicare?

To be eligible for Medicare, you must be a U.S. citizen or legal resident who has lived in the U.S. for at least give years in a row. Most people become eligible for Medicare when they turn 65. Adults under the age of 65 with certain disabilities or medical conditions may also be eligible for Medicare.

When can you enroll?

Most are first eligible to enroll in a Medicare plan during the seven months surrounding your 65th birthday (three months before, the month of, and three months after). Then, you have another chance each fall to enroll in or switch to a new Medicare plan. This is called the Annual Enrollment Period, which runs from October 15 to December 7 each year. Your plan changes would go into effect on January 1.

Initial Enrollment Period

You're first eligible to enroll in a Medicare plan in the **seven months surrounding your 65th birthday** (three months before, the month of, and three months after).

Open Enrollment Period

You can make "like plan" changes from **January 1 to March 31, 2019**.

Annual Enrollment Period (AEP)

For 2019 coverage, AEP runs from **October 15 to December 7**. During this time, members can make changes or switch to a new health insurance provider.

Special Enrollment Period

Available when special circumstances happen that cause you to have to change your current plan.

Extra Help

If you have limited income, you may qualify for Extra Help, also known as Low-income Subsidy (LIS), to pay for prescription drug costs. If you qualify, Medicare could pay for 75% or more of your costs. You also won't experience the coverage gap or incur a late enrollment penalty. Many people are eligible and don't even know it.

For more information about this Extra Help, contact your certified Bright sales agent, visit your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at **www.socialsecurity.gov/prescriptionhelp**.

Bright Health Summary of Benefits

Bright Advantage Special Care (HMO SNP)
H2288-003

Welcome to Bright Health.

Enclosed you will find our summary of the health and drug services covered by Bright Advantage Special Care (HMO SNP) plans from January 1, 2019 to December 31, 2019 for New York county.

This plan is a Dual Eligible Special Needs Plan (D-SNP) for people who have both Medicare and Medicaid. How much Medicaid covers depends on your income, resources and other factors. Some people get full Medicaid benefits.

Your eligibility to enroll in this plan depends on your type of Medicaid. You can enroll in this plan if you are in one of these Medicaid categories:

- **Qualified Medicare Beneficiary Plus (QMB+):** You get Medicaid coverage of Medicare cost-share and are also eligible for full Medicaid benefits. Medicaid pays your Part A and Part B premiums, deductibles, coinsurance and copayment amounts.
- **Full Benefits Dual Eligible (FBDE):** Medicaid may provide limited assistance with Medicare cost-sharing. Medicaid also provides full Medicaid benefits.

If you are a QMB+ Beneficiary: You pay nothing, except for Part D prescription drug copays.

If you are a FBDE: You are eligible for full Medicaid benefits. Generally, your cost share is $0 when the service is covered by both Medicare and Medicaid. There may be cases where you have to pay cost sharing when a service or benefit is not covered by Medicaid. If your category of Medicaid eligibility changes, your cost share may also increase or decrease. You must recertify your Medicaid enrollment to continue to receive your Medicare coverage.

Keep in mind, this is a *summary* of what's covered and what you would pay for those benefits and services. For a complete coverage list, including limitations and exclusions, please refer to our Evidence of Coverage ("EOC"). You can find an EOC online at www.brighthealthplan.com/medicare, or you can request a printed copy to be mailed to you by calling us at 844-667-5503, 8 am - 8 pm local time, 7 days a week Oct. 1-Mar. 31, Monday-Friday Apr. 1-Sept. 30, TTY: 711.

We designed our plans a little differently.

We believe that health insurance and healthcare work better together. So, that's why we built our health plans from the ground up, with carefully selected Care Partners like Mount Sinai. Our partnership with Mount Sinai means you benefit from a connected care system that puts your healthcare needs at the center. With a network of hand-picked doctors, working together on your behalf, you get to focus on living your best life.

This is healthcare that revolves around you.

When your health plan and your healthcare providers are working together, you're always at the center – but never caught in the middle.

We're proud of our Medicare Advantage plans, and we think you'll love them, too. But we also believe it's important that you enroll in the health plan that's right for you. So, take a look, and give us a call if you have any questions. We look forward to helping you live your best life.

Some Frequently Asked Questions:

May I choose my providers?

Bright Health has carefully selected a network of doctors, hospitals, pharmacies, and other providers. **To keep your costs down, it's important that you receive care from an in-network provider.** If the service involves reimbursement from your Medicaid plan, you must see an in-network Medicaid provider. In most cases, you will pay for the cost of the service if you see an out-of-network provider. However, if you need out-of-network emergency services, urgently needed services or dialysis services, then we've got you covered.

To find an in-network provider near you, visit our website at www.brighthealthplan.com/medicare or call Bright Health at 844-667-5503. Please consult the provider directory at BrightHealthPlan.com/Medicare. An asterisk (*) next to a provider's name indicates the provider is a Medicare and Medicaid participant.

What is a prescription drug formulary?

A formulary is a list of drugs covered by a health plan. To make sure your drugs are included in the Bright Advantage Special Care (HMO SNP) formulary, you can search and download our formulary online at www.brighthealthplan.com/medicare. Or you can call Bright Health at 844-667-5503 to discuss your drugs. Please note that the formulary is subject to change, and you can always find the most up-to-date list of drugs on our website.

For more information, or if you have any questions, just give us a call.

Medicaid Benefits

If you have both Medicare and Medicaid, your services are paid first by Medicare and then by Medicaid.

The benefits chart below summarizes additional benefits covered by Medicaid and by our plan. If a benefit is used up or not covered by Medicare, Medicaid may provide coverage depending on your level of Medicaid coverage. Bright Advantage Special Care (HMO SNP) will cover the benefits described in the Medicare Benefits section of this document regardless of your level of Medicaid eligibility. If you have questions about your Medicaid eligibility and what benefits you are entitled to, call the New York State Department of Health at 1-800-541-2831.

Medicaid may pay your Medicare cost sharing amount, but it will depend on your Medicaid eligibility level. If Medicare does not cover a service or a benefit is used up, Medicaid may help, but you may have to pay a cost share.

Prescription Drug Benefits

The chart below outlines your costs. If you don't qualify for Low-Income Subsidy (LIS), you pay the Medicare Part D cost-share outlined in the Evidence of Coverage. If you do qualify for Low-Income Subsidy (LIS) you pay:

Prescription Drug Coverage	**Bright Advantage Special Care (HMO SNP)**	
Stage 1: Annual Prescription Deductible		
Deductible	Your deductible amount is either $0 or $85, depending on the level of "Extra Help" you receive.	
Stage 2: Initial Coverage (after you pay your deductible, if applicable)		
	Standard retail cost-sharing (30-day / 90-day supply)	**Standard mail-order cost-sharing** (30-day / 90-day supply)
Generic (including brand drugs treated as generic)	$0, $1.25, $3.40 copay, or 15% of the total cost, depending on the level of "Extra Help" you receive.	$0, $1.25, $3.40 copay, or 15% of the total cost, depending on the level of "Extra Help" you receive.
All Other Drugs	$0, $3.80, $8.50 copay, or 15% of the total cost, depending on the level of "Extra Help" you receive.	$0, $3.80, $8.50 copay, or 15% of the total cost, depending on the level of "Extra Help" you receive.
Stage 3: Coverage Gap		
After your yearly total drug costs (including what our plan has paid and what you have paid) reach $3,820, you will enter the coverage gap (also called the "donut hole"). This means that there's a temporary change in what you will pay for your drugs. Not everyone will enter the coverage gap. If you enter the coverage gap, you will pay no more than 37% coinsurance for covered generic drugs or 25% coinsurance for covered brand name drugs until your costs total $5,100, which is the end of the coverage gap. If you receive "Extra Help" to pay for your prescription drugs, you may have lower cost-sharing for covered drugs.		
Stage 4: Catastrophic Coverage		

After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach $5,100, you qualify for the Catastrophic Coverage Stage. If you receive "Extra Help" to pay for your prescription drugs, your costs for covered drugs will depend on the level of "Extra Help" you receive. During this stage, your share of the cost for a covered drug will be either:
• $0; or
• The greater of:
  ○ 5% coinsurance, or
  ○ $3.40 copay for generic (including brand drugs treated as generic) and a $8.50 copay for all other drugs.		

Long-term care facilities

If you reside in a long-term care facility, you pay the same copays and coinsurance for a 31-day supply as a 30-day supply at a retail pharmacy.

Out-of-network pharmacies

If you choose to get drugs from an out-of-network pharmacy, you will pay the full cost of the prescription. The formulary, pharmacy network, and/or provider network may change at any time. You will receive notice when necessary.

Extra Help

People with limited incomes may qualify for extra help to pay for their prescription drug costs. If eligible, Medicare could pay for 75% or more of your drug costs including monthly prescription drug premiums, annual deductibles, and co-insurance. Additionally, those who qualify won't have a coverage gap or a late enrollment penalty. Many people qualify for these savings and don't even know it. For more information about this extra help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for extra help online at http://www.socialsecurity.gov/prescriptionhelp.

If you qualify for extra help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only a portion of this premium, we will bill you for the amount that Medicare doesn't cover.

Bright Advantage Special Care (HMO SNP) has been approved by the National Committee for Quality Assurance (NCQA) to operate as a Special Needs Plan (SNP) until 2021 based on a review of Bright Advantage Special Care (HMO SNP) Model of Care.

Our plans are issued through Bright Health Insurance Company or one of its affiliates. Other providers and pharmacies are available in our network. Most network providers participate through our Care Partner.

Out-of-network/noncontracted providers are under no obligation to treat Bright Health members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

This information is not a complete description of benefits. Call 844-667-5503 (TTY: 711) for more information.

Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at 844-667-5503.

Understand the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor. Visit www.brighthealthplan.com/medicare or call 844-667-5503 to view a copy of the EOC.
- Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understand Important Rules

- In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copays/co-insurance may change on January 1 of each year.
- Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- This plan is a dual eligible special needs plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us", or "our," it means Bright Health. When it refers to "plan" or "our plan," it means Bright Health.

This document includes a partial list of the drugs (formulary) for our plan which is current as of 08/27/2018. For a complete updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

What is the Bright Advantage Special Care Abridged Formulary?

A formulary is a list of covered drugs selected by Bright Health in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Bright Health will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Bright Health network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

This document is a partial formulary and includes only some of the drugs covered by Bright Health. For a complete listing of all prescription drugs covered by Bright Health, please visit our website or call us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

Can the Formulary (drug list) change?

The Formulary may change at any time. You will receive notice when necessary. Generally, if you are taking a drug on our 2019 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2019 coverage year except when a new, less expensive generic drug becomes available, when new information about the safety or effectiveness of a drug is released, or the drug is removed from the market. (See bullets below for more information on changes that affect members

currently taking the drug.) Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
    - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Bright Advantage Special Care Formulary?"

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

The enclosed formulary is current as of 08/27/2018. To get updated information about the drugs covered by Bright Health, please contact us. Our contact information appears on the front and back cover pages. In the event of any CMS-approved, mid-year non-maintenance formulary changes, the formulary will be updated and posted to our website.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart

condition are listed under the category, "Cardiovascular". If you know what your drug is used for, look for the category name in the list that begins below. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 47. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Bright Health covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Bright Health requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Bright Health before you fill your prescriptions. If you don't get approval, Bright Health may not cover the drug.

- **Quantity Limits:** For certain drugs, Bright Health limits the amount of the drug that Bright Health will cover. For example, Bright Health provides 60 capsules per prescription for Lyrica 300mg. This may be in addition to a standard one-month or three-month supply.

- **Step Therapy:** In some cases, Bright Health requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Bright Health may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Bright Health will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our Website. We have posted on line a document that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Bright Health to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Bright Health formulary?" on page 5 for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. This document includes only a partial list of covered drugs, so Bright Health may cover your drug. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that Bright Health does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Bright Health. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Bright Health.
- You can ask Bright Health to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Bright Advantage Special Care Formulary?

You can ask Bright Health to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Bright Health limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Bright Health will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For members who are experiencing a level of care change (being admitted to or discharged from a LTC facility), early refill edits will not be used to limit appropriate and necessary access to their Part D benefit, and such enrollees will be allowed to access a refill upon admission or discharge.

For more information

For more detailed information about your Bright Health prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Bright Health, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit http://www.medicare.gov.

Bright Health's Formulary

The abridged formulary below provides coverage information about some of the drugs covered by Bright Health. If you have trouble finding your drug in the list, turn to the Index that begins on page 47.

Remember: This is only a partial list of drugs covered by Bright Health. If your prescription is not in this partial formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., COLCRYS) and generic drugs are listed in lower-case italics (e.g., *celecoxib*).

The information in the Requirements/Limits column tells you if Bright Health has any special requirements for coverage of your drug.

Bright Health plans are HMOs and PPOs with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Our plans are issued through Bright Health Insurance Company or one of its affiliates. Enrollment in our plans depends on contract renewal.

Scope of Appointment Confirmation Form

To make sure you understand what you (or your authorized representative) will be discussing with a licensed sales representative, Medicare requires this form to be completed before your meeting. All the information provided here is confidential. A separate form should be completed for each Medicare enrollee or authorized representative.

By signing this form, you are indicating that you understand your meeting will focus on a review of Bright Heath's Medicare Advantage plans and Optional Supplemental Benefits. The person who will discuss the products is either employer or enrolled in a plan. Signing this form does NOT obligate you to enroll in a plan, affect your current or future Medicare enrollment, or enroll you in a Medicare plan.

Bright Health Medicare Advantage Plan Enrollment Checklist

To make sure you fully understand the details and benefits of the Bright Health Medicare Advantage plan you enrolled in, we ask that you carefully review and confirm the information below, with your licensed sales representative.

Plan Information

By initialing below, I understand that:

_____ I must have Medicare Part A and Part B to enroll in this plan.

_____ My plan is available in _____ County only. If I move outside of _____ for more than six months in a row, I understand I will need to enroll in a new plan.

_____ My plan will now provide all of my Medicare health and prescription drug coverage.

_____ My plan is a ☐ Health Maintenance Organization (HMO), ☐ Preferred Provider Organization (PPO), or ☐ Dual Eligible Special Needs (DSNP) and I understand that services outside the network may not be covered by Bright Health.

_____ If I am not sure if a provider is in the network, I can call Bright Health at (844) 667-5502, 8am – 8pm, local time, 7 days a week Oct. 1 – Mar. 31, weekdays Apr. 1 – Sept. 30 (TTY: 711) or go online www.BrightHealthPlan.com/Medicare to confirm if they are in the network.

_____ I cannot be enrolled in both a Medicare Advantage plan and a Medicare Supplement Insurance (Medigap) policy, at the same time. If I have a Medicare Supplement Insurance policy right now, I will cancel the Medicare Supplement Insurance policy once I receive confirmation of my Bright Health Medicare Advantage plan enrollment.

_____ I cannot be enrolled in both a Bright Health Medicare Advantage plan and a stand-alone Medicare Part D prescription drug plan, at the same time. If I have a stand-alone Medicare Part D prescription drug plan, CMS will automatically cancel my Medicare Part D prescription drug plan once my Bright Health Medicare Advantage plan enrollment has been accepted.

_____ I can cancel enrollment in my Bright Health Medicare Advantage plan before my coverage starts by calling Bright Health at (844) 667-5502. If, after my coverage starts, I want to switch or leave my Bright Health Medicare Advantage plan, I understand I will need to wait until the Open Enrollment Period (January 1 – March 31 or Annual Enrollment Period October 15 – December 7, 2019 of each year) to switch Medicare Advantage plans unless I qualify for a Special Enrollment Period.

_____ I understand that this plan could change each year. My 2019 Bright Health Medicare Advantage plan is effective from _____ , 2019 to December 31, 2019.

_____ I need to continue to pay my Medicare Part B premium unless the state or another third party pays this premium for me. If there is a plan premium, I understand that I must pay that premium to receive plan coverage.

Bright Health plans are HMOs and PPOs with a Medicare contract. Our SNPs also have contracts with State Medicaid programs. Our plans are issued through Bright Health Insurance Company or one of its affiliates. Enrollment in our plans depends on contract renewal.

Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor.

Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.

Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.

Benefits, premiums and/or copayments/co-insurance may change on January 1, 2019.

Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).

Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care.

This plan is a dual eligible special needs plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.

Paying Your Plan Premium

If we determine that you owe a late enrollment penalty (or if you currently have a late enrollment penalty), we need to know how you would prefer to pay it. You can pay by mail or Electronic Funds Transfer (EFT) each month.

You can also choose to pay your premium by automatic deduction from your Social Security or Railroad Retirement Board (RRB) benefit check each month. If you are assessed a Part D-Income related Monthly Adjustment Amount, you will be notified by the Social Security Administration. You will be responsible for paying this extra amount in addition to your plan premium. You will either have the amount withheld from your Social Security benefit check or be billed directly by Medicare or the RRB. DO NOT pay Bright Health the Part D-IRMAA.

You can pay your monthly plan premium (including any late enrollment penalty that you currently have or may owe) by mail or Electronic Funds Transfer (EFT) each month. You can also choose to pay your premium by automatic deduction from your Social Security or Railroad Retirement Board (RRB) benefit check each month.

If you are assessed a Part D-Income Related Monthly Adjustment Amount, you will be notified by the Social Security Administration. You will be responsible for paying this extra amount in addition to your plan premium. You will either have the amount withheld from your Social Security benefit check or be billed directly by Medicare or RRB. DO NOT pay Bright Health the Part D-IRMAA.

People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If eligible, Medicare could pay for 75% or more of your drug costs including monthly prescription drug premiums, annual deductibles, and co-insurance. Additionally, those who qualify will not be subject to the coverage gap or a late enrollment penalty. Many people are eligible for these savings and don't even know it. For more information about this Extra Help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at www.socialsecurity.gov/prescriptionhelp.

If you qualify for Extra Help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only a portion of this premium, we will bill you for the amount that Medicare doesn't cover.

If you don't select a payment option, you will get a bill each month.

Please select a premium payment option:

☐ Monthly Invoice

☐ Electronic funds transfer (EFT) from your bank account each month. Please enclose a VOIDED check or provide the following:

Account holder name: _____

Bank routing number: _ _ _ _ _ _ _ _ Bank account number: _ _ _ _ _ _ _ _ _ _ _ _

Account Type: ☐ Checking ☐ Saving

☐ Automatic deduction from your monthly Social Security or Railroad Retirement Board (RRB) benefit check. I get monthly benefits from: ☐ Social Security ☐ RRB

The Social Security/RRB deduction may take two or more months to begin after Social Security or RRB approves the deduction. In most cases, if Social Security or RRB accepts your request for automatic deduction, the first deduction from your Social Security or RRB benefit check will include all premiums from your enrollment effective date up to the point withholding begins. If Social Security or RRB does not approve your request for automatic deduction, we will send you a paper bill for your monthly premiums.

You could lose your employer or union health coverage if you join Bright Health. Read the communications your employer or union sends you. If you have questions, visit their website, or contact the office listed in their communications. If there isn't any information on whom to contact, your benefits administrator or the office that answers questions about your coverage can help.

Please Read and Sign Below

By completing this enrollment application, I agree to the following:

Bright Health is a Medicare Advantage plan and has a contract with the Federal government. I will need to keep my Medicare Parts A and B. I can be in only one Medicare Advantage Plan at a time, and I understand that my enrollment in this plan will automatically end my enrollment in another Medicare health plan or prescription drug plan. It is my responsibility to inform you of any prescription drug coverage that I have or may get in the future.

Enrollment in this plan is generally for the entire year. Once I enroll, I may leave this plan or make changes only at certain times of the year when an enrollment period is available (Example: October 15 – December 7 of every year), or under certain special circumstances.

Bright Health serves a specific service area. If I move out of the area that Bright Health serves, I need to notify the plan, so I can disenroll and find a new plan in my new area. Once I am a member of Bright Health, I have the right to appeal plan decisions about payment or services if I disagree. I will read the Evidence of Coverage document from Bright Health when I get it to know which rules I must follow to get coverage with this Medicare Advantage plan. I understand that people with Medicare aren't usually covered under Medicare while out of the country except for limited coverage near the U.S. border.

Services authorized by Bright Health and other services contained in my Bright Health Evidence of Coverage document (also known as a member contract or subscriber agreement) will be covered. Without authorization, **NEITHER MEDICARE NOR BRIGHT HEALTH WILL PAY FOR THE SERVICES**.

I understand that if I am getting assistance from sales agent, broker, or other individual employed by or contracted with Bright Health, he/she may be paid based on my enrollment in Bright Health.

If you are requesting enrollment in an HMO plan the following statement applies: I understand that beginning on the date Bright Health coverage begins, I must get all of my health care from Bright Health participating providers, except for emergency or urgently needed services or out-of-area dialysis services.

If you are requesting enrollment in an HMO-POS plan the following statement applies: I understand that beginning on the date Bright Health coverage begins, using services in-network can cost less than using services out-of-network, except for emergency or urgently needed services or out-of-area dialysis services. If medically necessary, Bright Health may reimburse you for certain services when provided by an out of network provider.

If you are requesting enrollment in an PPO plan the following statement applies: I understand that beginning on the date Bright Health coverage begins, using services in-network can cost less than using services out-of-network, except for emergency or urgently needed services or out-of-area dialysis services. If medically necessary, Bright Health provides reimbursement for all covered benefits, even if I get services out of network.

Release of Information: By joining this Medicare health plan, I acknowledge that Bright Health will release my information to Medicare and other plans as necessary other parties for treatment, payment and health care operations, including without limitation to Medicare, other plans, providers, and Bright Health's Care Partner. I also acknowledge that Bright Health will release my information including my prescription drug event data to Medicare, who may release it for research and other purposes which follow all applicable Federal statutes and regulations.

The information on this enrollment form is correct to the best of my knowledge. I understand that if I intentionally provide false information on this form, I will be disenrolled form the plan.

I understand that my signature (or the signature of the person authorized to act on my behalf under the laws of the State where I live) on this application means that I have read and understand the contents of this application. If signed by an authorized individual (as described above), this signature certifies that 1) this person is authorized under State law to complete this enrollment and 2) documentation of this authority is available upon request from Medicare.
