Start With Medicare Basics

Make sure this plan is a good fit by reviewing the basics

Original Medicare is provided by the federal government and covers some of the costs of hospital stays (Part A) and doctor visits (Part B), but doesn't cover everything. It does not include prescription drug coverage (Part D). Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D. Depending on your needs, you may want to add on more coverage.

This is a Medicare Advantage Part C Health Maintenance Organization (HMO) plan

Your plan is a Health Maintenance Organization (HMO) plan. That means you need to get health care services through a network of local doctors and hospitals.

Here’s how your HMO plan works

You will need to select a primary care provider (PCP).

This health plan requires you to select a PCP from the network. Your PCP can oversee and help manage your care.

You have coverage for emergency care.

Emergency Services and Urgently Needed Services are covered no matter where you go.

There’s an out-of-pocket spending limit each plan year.

Once you reach that limit, the plan pays 100% of the future costs for covered services.

A network of providers for coordinated care

The chart below shows what happens when you use network versus out-of-network resources with this plan.

	In-Network	Out-of-Network
Will the doctor or hospital accept my plan?	Yes	No
Does this plan require a referral to see a Specialist or other providers?	No	No
What will I pay for covered services?	You pay your plan copay or coinsurance.*	In most cases, you will have to pay the full cost for services.

There’s a Medicare Part D Late Enrollment Penalty

Although you are not required to enroll in Part D, there is a penalty of 1% of the average monthly premium for each month you delay enrollment. This must be paid monthly as long as you are enrolled in Part D.

*Plan copay or coinsurance amounts apply. You can find a complete listing of network providers and facilities within your plan on our website. Please refer to the Summary of Benefits and Benefit Highlights for more complete plan information.

Are you eligible for this plan?

You are eligible for a Medicare Advantage plan if:

You are enrolled in Original Medicare Parts A and B and live in the plan’s service area

You do not have end-stage renal disease.

Are there special eligibility requirements for this plan?

No, as long as you are enrolled in Original Medicare Parts A and B and continue to pay your Part B premium, you are eligible to enroll in this plan.

Your Drug Plan Coverage and Costs

Make sure your drugs are covered

Find out if your prescription drugs are covered by checking the Drug List (Formulary) in this Enrollment Guide or the online Formulary at **EstimateDrugCostsAARP.com**.

Know how much your drugs will cost

The amount you pay for your drug depends on 4 factors: what tier the drug is covered in, where you are within the drug payment stages, where you purchase the drug, and whether or not you have Extra Help.

Understanding drug tiers

Many plans group covered drugs together by cost. These groupings are called tiers. Generally, the lower the tier, the less you'll have to pay.

Drug List (Formulary) Tiers				
Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
Preferred Generic	Generic	Preferred Brand	Non-preferred Drug	Specialty Tier

Note: Not all generic drugs are low cost. There are generic drugs in each tier. Check the drug list for the tier of your specific generic drug.

Your Part D prescription drug costs

With Medicare Part D prescription drug coverage, the amount you pay for prescriptions may change over the year. Here's why:

- Part D plans may have 4 coverage stages: annual deductible, initial coverage, coverage gap (also known as the donut hole) and catastrophic coverage.
- The amount of money you pay changes depending on the stage you are in.
- Many people never make it further than the initial coverage stage. If you take a lot of medications, especially high-cost medications, you may move into the next stages.
- The pharmaceutical industry may increase the price of drugs at any time in a plan year and pricing for drugs may vary across pharmacies in the network.
- The coverage cycle starts over again on January 1 each plan year.

Once you're a member

You can easily track how close you are getting to the coverage gap stage by signing in to your account online.

Explore ways to save time and money

✓ Try OptumRx® home delivery

You could pay a \$0 copay for a 90-day supply of Tier 1 and 2 medications by using OptumRx, our preferred home delivery pharmacy.

OptumRx will send the prescriptions you take regularly right to your door with no cost for standard shipping. Register online at **OptumRx.com** to order new prescriptions, request refills and more.

✓ Consider generic drugs

Many commonly used prescription drugs have a generic form. Ask your doctor if your drugs are available as generics and if they would be appropriate for you. Then search for the generic versions at **EstimateDrugCostsAARP.com** to determine your potential savings.

✓ Use lower-tier drugs

Prescription drugs are grouped into 5 tiers and in general, drugs in lower tiers have lower costs. If your drug is in a higher, more expensive tier, ask your doctor if there is a cheaper alternative that could work for you.

✓ Get Extra Help

If you have a limited income, you may be able to get Extra Help with your Medicare prescription drug plan premiums, deductibles and copays. To find out if you qualify, call the Social Security Administration at **1-800-772-1213**, TTY **1-800-325-0778**, 7 a.m. – 7 p.m., Monday – Friday.

Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at the number listed on the back cover of this book.

Understanding the Benefits

- ✓ Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor. Call us or go online to view a copy of the EOC. Our phone number and website are listed on the back cover of this book.
- ✓ Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- ✓ Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Understanding Important Rules

- ✓ In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- ✓ Benefits, premiums and/or copays/coinsurance may change on January 1, 2019.
- ✓ Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).

Stand-alone Medicare Prescription Drug Plans (Part D)

Medicare Prescription Drug Plan (PDP) — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

Medicare Advantage Plans (Part C) and Cost Plans

Medicare Health Maintenance Organization (HMO) — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

Medicare HMO Point-of-Service (HMO-POS) Plans — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copayment or coinsurance.

Medicare Preferred Provider Organization (PPO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

Medicare Private Fee-For-Service (PFFS) Plan — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

Medicare Special Needs Plan (SNP) — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

Medicare Medical Savings Account (MSA) Plan — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

Medicare Cost Plan — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

Other Related Products

Dental/Vision/Hearing Products — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

Hospital Indemnity Products — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

Medicare Supplement (Medigap) Products — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare (Parts A and B) such as deductibles and coinsurance amounts for Medicare approved services.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in these plans depends on the plan's contract renewal with Medicare.

We'll set it up. It may take a few months before payment starts, so the first payment may include more than one premium. In most cases, if Social Security or RRB accepts your request for automatic deduction, the first deduction from your Social Security or RRB benefit check will include all premiums due from your enrollment effective date up to the point withholding begins. If Social Security or RRB does not approve your request for automatic deduction or there is a delay in setup, we will send you a paper bill for your monthly premiums.

☐ **I want to pay directly from a bank account.**

- ☐ Please attach a blank check from the account you'd like to use. Write "VOID" across the front. Please DO NOT send a deposit slip or money order.

Social Security (SS) will send you a letter and ask you how you want to pay it:

Need help with your prescription drug costs?

If you have a limited income, you may be able to get Extra Help with your prescription drug costs. If you qualify, Medicare could pay for 75% or more of your costs, including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, you won't have a coverage gap or late enrollment penalty. Many people are eligible for these savings and don't even know it. If you qualify for Extra Help with your Medicare prescription drug coverage costs, Medicare will pay all or part of your plan premium. If Medicare pays only part of your premium, we will bill you for the amount that Medicare doesn't cover.

For more information about this Extra Help, contact your local Social Security office, or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at www.socialsecurity.gov/prescriptionhelp.

By completing this form, I agree to the following:

- ☐ This is a Medicare Advantage plan. It has a contract with the federal government. This is not a Medicare Supplement plan.
- ☐ I need to keep my Medicare Parts A and B. I must keep paying my Part B premium if I have one, unless Medicaid or someone else pays for it.
- ☐ I can only be in one Medicare health plan or Prescription Drug plan at a time. If I'm a member of another Medicare health plan or Prescription Drug plan and I join this plan, I will lose the other plan.
- ☐ If I have prescription drug coverage now or if I get it from somewhere else later, I will tell the plan.
- ☐ I may have to pay a late enrollment penalty (LEP). This would only happen if I didn't sign up for and keep creditable prescription drug coverage when I first qualified for Medicare. "Creditable" means the coverage is as good as a Medicare prescription drug plan. If I need to pay a LEP, the plan will tell me.
- ☐ I understand that I am joining the plan for the entire calendar year. If I want to change plans, I'll need to do so during the Open Enrollment Period for Medicare Advantage AND Medicare prescription drug coverage between October 15 and December 7. There may be special situations that would allow me to leave the plan at other times.
- ☐ This plan covers a specific area. If I plan to move out of the area, I will call my plan to switch to a plan in the new area. Medicare may not cover me when I'm out of the country. However, I have some limited coverage near the U.S. border.
- ☐ I will receive information on how to get an Evidence of Coverage. (The EOC is also known as a member contract or subscriber agreement.) The EOC will list services the plan covers, as well as the plan's terms and conditions. The plan will cover services it approves, as well as services listed in the EOC. If a service isn't listed in the EOC or approved by the plan, Medicare and the plan won't pay for it. If I disagree with how the plan covers my care, I have the right to make an appeal.
- ☐ I understand that I must get my health care coverage from doctors or providers that are in my plan's network. I can go to any doctor or hospital in an emergency or for urgently needed

services or out-of-area dialysis services. If I happen to pay full price for any network services, this plan provides refunds for all medically necessary covered benefits.

- ☐ If I currently have Medicare Supplement Insurance (Medigap), I will cancel it in writing. I, not my agent, must cancel. I will cancel after my new plan tells me I've been accepted into the plan.
- ☐ My plan will give my information to Medicare and other plans when needed for treatment, payment and health care operations. This may include my prescription drug information. Medicare uses the information to understand how my care was handled or billed. Other plans may need my information when they help pay for my care. Medicare may also give my information for research and other purposes. All federal laws and rules protecting my privacy will be followed.
- ☐ If I get help from a sales agent, broker or someone who has a contract with the plan, the plan may pay that person for this help.
- ☐ The information on this form is correct, to the best of my knowledge. I understand that if I put information on this form that I know is not true, I will lose the plan.
