

1. **Media, FBI, & CDC Cover-up Secret Chinese Biolab in California** –
2. New Christian movie on fatherhood makes Cobble's work a lot easier –

3. Election lawsuit; State & Fed. Judges bucking for CRIMINAL obstruction charges –

1. Nov. 16, 2023. The *New York Post* reports that in 2022 a code enforcement officer discovered a secret, Chinese-owned biolab in Reedley, Calif. The U.S. House Select Committee says officials thought the lab's building was abandoned until noticing a garden hose poking through a hole. Found inside were thousands of vials of "HIV" and a cabinet marked "Ebola." As proof the Biden Administration is behind this lab, the corporate-owned media (CBS, NBC, Etc) did not report it and, at-first, the FBI and CDC refused to investigate.

Our nation will not survive the Biden presidency and the Federal Reserve. **See Petition-letter on reverse side for replacing both of them.**

Was it intentional that Biden embarrassed the U.S. again?

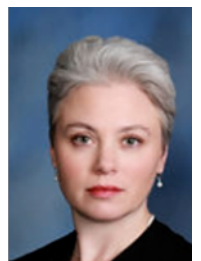

Nov. 15. At the Apex Summit in San Francisco, Pres. Biden called Chinese Pres. Xi Jinping a "dictator." Though it's true, it was also a blatantly reckless insult at the high-level meeting. Hopefully Xi Jinping realizes that only Biden wants **WWIII**, and not the American people.

2. The new Youtube movie on fatherhood, called *Courageous*, will punch through Gov't's refusal to promote fatherhood. The 2-hr, 9-min. drama drives all the points including the statistics showing the violence and crime are largely due to the absence of fathers. Meanwhile, officials keep promising that more police and money will reduce crime. Likewise in the public schools, Gov't implies it can improve things, but without community\parental participation.

Western civilization, itself, is failing by neglecting fatherhood.

3. Attached is my Nov. 29 pleading in State court, election case 23-ci-6012. It includes the Nov. 21 notice-letter that warns Chief Federal Judge Greg Stivers to not interfere with this case. As Plaintiff Cobble, I also warn Jefferson County Circuit Court Judge Annie O'Connell that, **if not resolved**, the KY 2024 primary & general elections will remain illegitimate. – Thank you.
