

FILL UP TO FIFTY

Our prayer is to find 50 sponsors at \$30 per month.

This would support our boys in the orphanage in India. Currently we have over 20 sponsors and boys.

Nabarangpur also known as **Nabarangapur** or **Nowrangpur**, is a city and a municipality in Nabarangapur district in the Indian state of Orissa. Our prayer is to see these young men grow in a Christian environment, with your help and encouragement and prayers. Please consider and pray.

Shepherd's Purse
For the Forgotten Ones

Main Inside Heading

Joshua Nag is a former Bible student of our friend David Hendrix. David was a board member and good friend who passed away last year. David recommended Joshua to us a man after God's own heart.

Joshua, his wife, his mother and father, live in the new orphanage as house parents. We completed the building project in 2014

The exciting thing is that these boys are being brought up in a Christian home and are now in school (pictured are the boys in their school uniforms).

...continued

Joshua's father is a pastor of a small, poor church. The boys attend this church and the little funding Joshua gets is from a few donations giving by this poor church.

This is where Shepherd's Purse comes in. Right now Joshua's total expenses to run his orphanage are about \$500 just for the basics, but then there are doctors bills, school fees, transport, and more. Our goal is to find 50 sponsors who will commit to \$30 per month. This will totally support the boys life in the orphanage. It will pay for: rent, food, and electric.

What Will You Get?

Obviously you will be blessed for investing in the Kingdom work of God. And you will be investing in the lives of young men who will grow into witnesses in a country fraught with false religions and persecution. And:

- You will receive bi-monthly updates on the boy you sponsor
- You will receive your boy's picture along with his story
- You will be updated on the ministry regularly
- You might even be able to travel to India some day and meet your boy.
