Coach's Comments

“ It’s been a long break since the last time we took to Spectrum ice, and we are pleased to be finally getting back to it on Saturday night when Glasgow stop in. It has been a difficult part of the schedule both in terms of the schedule itself where we have been on the road for 6 straight and because we have not had the results we were looking for either. It has been an odd season where we find ourselves struggling to score right now (written prior to Wednesday night at Dundee) much as we did in the first 6 weeks of the season before we turned things around November, December and January. We fought our way through that, and we need to do the same here. We are in the hunt for a top 4 league table spot and certainly we want to finish as high as possible. Because of our success in adding a couple of semi finals legs and a final game for the cup, we have been 3 games a week for the bulk of February and March and that is fantastic for our aspirations to be competing for silver, but it does have the downside of a bit of fatigue and not allowing for as much practice time between games as we get for most of the season. We are going to be able to drop back into a more regular schedule very shortly now and we are looking for that to be a big part of helping everyone get some reps that may help get us back on the course we seek. I will give this group credit for their dedication to working hard and doing what they can to get us where we want to be, even when things are not going our way. We are looking forward to where that takes us as we move towards the playoff round. Enjoy the upcoming games. ”
