Coach's Comments

“ We are into March now so we are definitely getting short on remaining schedule. It has gone by fast with a lot of ups and downs. We started from behind to kick the season off, sort of rode a crest for a lot of November through January when we collected a lot of wins, and find ourselves back down again for most of February including too long of a stretch here without a win. We are very frustrated right now, but we need to find a way around that so that it does not seep into our game. Last weekend we played a good game against Cardiff. We got a point, but a point is not a win and we need to find a way through the tough scoring stretch that is not dissimilar to the season start. We found a way then, and I know we will find a way now. It is important that we act as a group and stay positive with each other and keep cheering each other on until we push our way through. Hopefully a trip to Cardiff and home to Panthers will help us find what we need. We are still in a good table spot and want to be playing well for the playoff stretch not to mention a Cup Final that is not far away. We have a lot to play for and we will give our best each night out.”
