“ We are looking forward to Saturday and Sunday when we visit Dundee Stars before getting back to Spectrum against Manchester Storm for their first League meeting in our building this season. We are coming off a pretty good run of results and our confidence is certainly much better than it was a month ago, but confidence is built by success so it is key that we keep our eye on the ball here and do all the little things from shift to shift that might help keep us moving forward. We were disappointed last weekend losing in Cardiff where they didn't dominate us by any stretch but certainly got the better of the outcomes to be had around the net. We did a good job returning to Spectrum; delivering a very good performance with both team's netminders on top form and showing patience until we could finally break through and edge out a low scoring 2-1 win. Consistency is the name of the game and we need to find a way to do more of the good things, more often to try and keep getting results. Dundee and Manchester, like every team in the league, pose a great challenge and it should be a couple of entertaining games if you have a chance to tune in either in person or on stream. ”
