Coach's Comments

“ There is only one game this weekend so that is always a game you really feel you have to win. In the context of not getting any league or cup points in Coventry or at home to Cardiff last weekend it makes it even more important for us to do a job. If there is one thing we need to really put our heads to, that is playing from the start of the game as we mean to play all night. That doesn't mean there won't be any mistakes, but it certainly means that we look like we are going after it shift after shift from the time the puck drops to the final whistle. If we can do that, I know we can have some success. We did not do that against Cardiff. We basically started in the 2nd period, but unfortunately for us they started at faceoff time and we were behind most of the night because of it. Whatever it takes for each of us to be dialled in at opening faceoff that is what we need to do. We have a lot of good players, and we can compete with anyone in the league, but only when we are on. With Dundee here, we want to jump on top of them early and try to dictate the pace of the night and ultimately the outcome. They have a lot of skilled players so it is a tall order, but it is not supposed to be easy. We look forward to the challenge on Saturday and we hope you will join us to see how it turns out. ”
