# Coach's Comments

“ Thanks for joining us again this week. We are sure you join us in our disappointment with our season start. We have started the process of some changes to try and move us forward with better results. We do not for one minute believe this team is as poor as our record has shown but results are results. Having said that, our outcomes have not been an issue of one or two people even when it may seem like that when changes are made. It is a nasty business when things are not going well, but this is a team thing and every guy in our dressing room is responsible for how we have started. A couple of seasons ago, we started off gangbusters then went on a 10 game skid in December and January. It was our worst run as a club in our history, but we got through it and went on to be a lot more successful in the back end of that season. This is the part of being in professional sports that is not at all fun. We are going to do everything we can to get through this and start to get to where we know we can be. It's a big weekend for us playing on a long trip at Fife ahead of a return home against Coventry and hopefully we can start to turn and corner and get back on the path we all desire. ”
