

Reopening Childcare Procedure (Babies-3's)

We are so thankful for you. As always, we are striving to keep your children safe while in our care at church. We want to continue to keep everyone healthy and safe. Thank you in advance for your understanding since there could be times of waiting. We know that these guidelines and precautions are tedious, however they are not optional.

You should NOT come into the building if...

1. You have a fever of 100 degrees or higher.
2. You have any respiratory infections, or have had a cough, sneezing regularly, had shortness of breath, vomiting or diarrhea within the last 24 hours.
3. In the previous 14 days, you have had any contact with someone: with a confirmed diagnosis of Covid-19; is under the investigation for Covid-19 or is ill experiencing a respiratory illness.
4. In the previous 14 days, you have traveled on a cruise or internationally.

Upon Arrival:

All staff, adults and children will have their temperatures taken upon arrival (touchless thermometer) and will be screened with the four statements above. If your child has a temperature of 100.5 or higher upon arrival, your child will not be allowed to stay. If a fever develops during their time in the classroom, the child will be removed from other children and parents will be called for pickup.

Drop off and Pickup Procedures:

- Everyone's temperature will be taken upon entering the Family Life Center.
- The check-in stickers will be given to both the child and parent at the Temp Check station in the FLC.
- Only one parent/ guardian will be allowed in the Kids Korner Hall for drop-off & pick-up (**No siblings**).
- Please pick up your children immediately following the end of service so there is time to clean and sanitize the classrooms.

Preschool Area Procedures:

- Hand sanitizer will be located at the entrances for our employees and everyone's protection.
- No diaper bags/tote bags of any sort should be sent with your children. If you need to send supplies or a change of clothes, please bring in a clear Ziploc bag labeled with your child's name and instructions.
- Those children who are still using bottles or sippy cups may have a second Ziploc bag with written instructions provided for the teacher.
- Staff and children will be required to wash their hands upon arriving in a classroom. Teachers will prompt children to wash their hands regularly while in the classroom.
- Greeters/screeners will wear masks. **Classroom teachers will wear face shields.**
- Teachers use gloves when diapering and following good hand washing hygiene. Changing tables will be cleaned and sanitized after each use. These are already practiced procedures.
- Our teachers will continue to disinfect rooms. Toys that are used by a child will be removed and sanitized before another child uses it.
- Playroom surfaces will be cleaned and sanitized.
